

# Training & Development Programs for Current and Future Leaders in the Asset Management Industry

Live, interactive sessions facilitated by certified instructors provide a modernized take on leadership for tomorrow's workplace.

Classroom-style learning designed to engage industry veterans and emerging talent in problem solving, innovation, and high-performance team building.

## ACCELERATE YOUR CAREER WITH THESE PROGRAMS:

### Elevating Women in the Workplace

Explore strategies for career pathing, navigating opportunities, and demonstrating confidence in leadership roles.

### Inclusive Leadership for High Performance

Develop skills to build deep connections and create high-performing teams that are agile, creative and inclusive.

### Managing Effective Hybrid Teams

Build the right virtual/hybrid workplace culture that leads to increased communication and effective workload dynamics.

### Emerging Leadership

A coaching program aimed at shaping successful first-time leaders in relationship management, accountability metrics, and team performance.

### Management Essentials

A unique approach for emerging leaders and new managers, helping them develop a new set of skills as they grow in their careers.
